WordPress · Shopify · Webflow · Wix · Bubble.io · HTML/CSS · SEO Optimization · UI/UX Wireframing

Product & UX

PRD Writing · Agile/Scrum · Product Roadmapping · A/B Testing · GTM Strategy · Figma · Miro · Notion

Cloud & DevOps

Azure · Firebase · Google Colab

PROFESSIONAL EXPERIENCE

Contract IT Technician | Freelance / Contract — Mumbai, India

Jun 2025 – Jan 2026

- Assisted in the assembly and configuration of PC workstations for office environments, ensuring systems were set up and operational for client teams.
- Provided on-site technical support during corporate events, troubleshooting hardware and software issues to ensure seamless event operations.
- Assisted with network configuration and infrastructure setup across large office spaces, supporting stable connectivity for client environments.
- Engaged on a contract basis, delivering hands-on IT support across multiple client engagements as a field technician.

Web Developer | DigiChakra360 — Mumbai, India

Dec 2024 – May 2025

- Designed and built a company website from scratch; customized WordPress and Shopify themes for multiple clients, reducing average page load time by 30% via targeted SEO and performance fixes.
- Visited client sites to install software, assemble computer systems, and assist with hardware setup — ensuring smooth, hassle-free transitions for client teams.
- Tracked website performance proactively, resolved issues early, and maintained uptime across all client deployments.
- Produced pitch decks and client presentations that supported business development and won stakeholder confidence.

Product Management Fellow (Top Fellow) | NextLeap — Remote

Aug 2024 – Nov 2024

- Awarded Top Fellow — recognised as highest performer in cohort for an exceptional end-to-end product case study.

- ▶ Led a full product case study on BookMyShow: surveyed 36 users, conducted 6 user interviews, identified critical UX failures (crashes, bot scalping, queue failures) during high-demand events.
- ▶ Proposed Smart Queue Management + Anti-Bot Identity Verification; modelled 80% conversion rate improvement and \$69M USD in additional annual revenue.
- ▶ Delivered full system design (Load Balancer, Redis Cache, Kafka Streams), 5-screen Figma wireframe flow, North Star Metric, GTM strategy, and weighted scoring prioritisation framework.

Product Manager | CogniMuse — Nitte, India Mar 2024 – Aug 2024

- ▶ Spearheaded end-to-end development of core product modules; enhanced user retention by 15% through improved UX and onboarding flow optimisation.
- ▶ Built and deployed a Python-based chatbot that cut customer response time by 20% and improved satisfaction scores.
- ▶ Created interactive SQL dashboards for executive decision-making; conducted market analysis across 3 regions, accelerating GTM execution by 2 weeks.

Machine Learning Intern | CogniMuse — Nitte, India Jan 2024 – Mar 2024

- ▶ Built and fine-tuned NLP models (scikit-learn, NLTK) for text classification; performed data cleaning, feature engineering, and cross-validation on structured and unstructured datasets.

EDUCATION

Bachelor of Engineering, Computer Science 2021 – 2024

NMAM Institute of Technology, Nitte, Karnataka, India

Diploma in Computer Science Engineering 2018 – 2021

P A College of Engineering, Mangalore, Karnataka, India

CERTIFICATIONS

- ▶ Google Cybersecurity Professional Certificate (2025)
- ▶ Product Management – NextLeap (2024) — Top Fellow
- ▶ Tata Group – Cybersecurity Analyst Job Simulation
- ▶ Introduction to Generative AI · Generative AI for Customer Service (Google)
- ▶ Learning ITIL® Foundations

KEY PROJECTS

BookMyShow – Product Case Study (NextLeap Top Fellow)

End-to-end product research on India's largest ticketing platform. Surveyed 36 users, interviewed 6, proposed Smart Queue + Anti-Bot systems with modelled 80% conversion uplift and \$69M USD additional annual revenue. Delivered full system design, Figma wireframes, and GTM strategy.

SEO & Performance Optimization – E-Commerce Client

Raised client Lighthouse score from 54 to 88 via lazy loading, CDN integration, and structured data markup.
